## CCAC Livestock and Manure Management Component

The Manure Knowledge Kiosk is a one-stop-shop offering resources, knowledge and connections to support improved manure management to all stakeholders in the livestock sector. The Kiosk web portal ([www.manurekiosk.org](http://www.manurekiosk.org)) is part of the Climate and Clean Air Coalition Agriculture Initiative's Livestock and Manure Management Component (LMMC). It is hosted by the Global Agenda for Sustainable Livestock. This bi-monthly digest provides an update of relevant information and news.

### LATEST NEWS

#### Sustainable waste management: know what you don't know

Identifying technology and policy gaps for the sustainable management of agricultural and livestock waste in rural areas is the aim of a workshop with participants from academia and private companies in Costa Rica. Final result is a technical note to help reduce these gaps. [\[read more...\]](#)

#### African policy makers call for holistic action

Policy makers from 11 African countries gather in Ethiopia, to discuss legislative possibilities to stimulate and regulate national manure management practices. The key message they take home is that policies and legislation regarding livestock manure need to be developed in a holistic way involving multiple ministries. [\[read more...\]](#)

### GOOD PRACTICES

#### Extension Works in Vietnam

Having asked many Vietnamese farmers, agricultural expert Le Thi Xuan Thu underlines the importance of a well-trained extension service with qualified extension workers. "*Farmers with access to active extension services show a strong willingness to practice integrated manure management, including producing biogas and using bioslurry for crop fertilization.*" [\[read more...\]](#)

### DID YOU KNOW

#### Protection from SPAM

To protect our valuable experts from SPAM and other undesirable emails, the experts on the [Roster of Experts](#) can only be contacted by emailing the Manure Knowledge Kiosk at [info@manurekiosk.org](mailto:info@manurekiosk.org).

The current Roster consists of 40 experts available to government and non-government organizations, and private institutions for assistance in policy development and projects related to livestock manure. [\[read more...\]](#)

### TELL US

The Kiosk welcomes all relevant information. Please send news, practice cases, upcoming events or resources and information on manure management to: [info@manurekiosk.org](mailto:info@manurekiosk.org).
